LB 1125A

where this...how many existing staff members or new staff members will be necessary to carry out the duties of this commission or board?

SENATOR LABEDZ: I believe it is on your fiscal note. I don't have my book open but it does tell exactly what will be needed, if you would turn to 1125 or I will do it for you in just a minute.

SENATOR R. JOHNSON: That's all right. If it states it in there I'll look it up.

SENATOR LABEDZ: It states on the fiscal note, yes.

SENATOR R. JOHNSON: All right, thank you.

SPEAKER NICHOL: Senator Hefner.

SENATOR HEFNER: Mr. President, I have a question of Senator Labedz if she will yield.

SPEAKER NICHOL: Senator Labedz.

SENATOR LABEDZ: Yes.

SENATOR HEFNER: What is the cost, the cost this coming fiscal year is \$470,000, what is the fiscal cost the next fiscal year?

SENATOR LABEDZ: We don't know that, Senator Hefner. There will be private donations come in the future and it depends on what the advisory board and what the center does to determine the cost in the future but in other states there has been considerable amount of donations from private industry that has come into the center and it all depends on what goals they have and what they intend to do in the future and that will decide how much funding will be needed in the future. But you can rest assure it will be coming through the Legislature at that time.

SENATOR HEFNER: Okay, and then what would you say in five years what the fiscal impact would be?
